Mönchengladbach

FUTURE

Based on the experience of the last seasons I started finetuning severall aspects. With this background I am positiv to perform at high level major Olympic qualification events, FIS Worldcup and Europeancup events and invitational competitions like RedBull Playstreets... I will work on my skiing skills and show them on video edits. RedBull Playstreets and Audi Nines will be part of my skiing dreams for the upcoming season. My biggest GOAL is to qualify for the Olympics in 2022!

FREESKI GERMANY

Freeski Germany is the German Freeski National Team run by the German Ski Association (DSV). Being member of the team since 2016 give me the opportunity to train at high professional level.

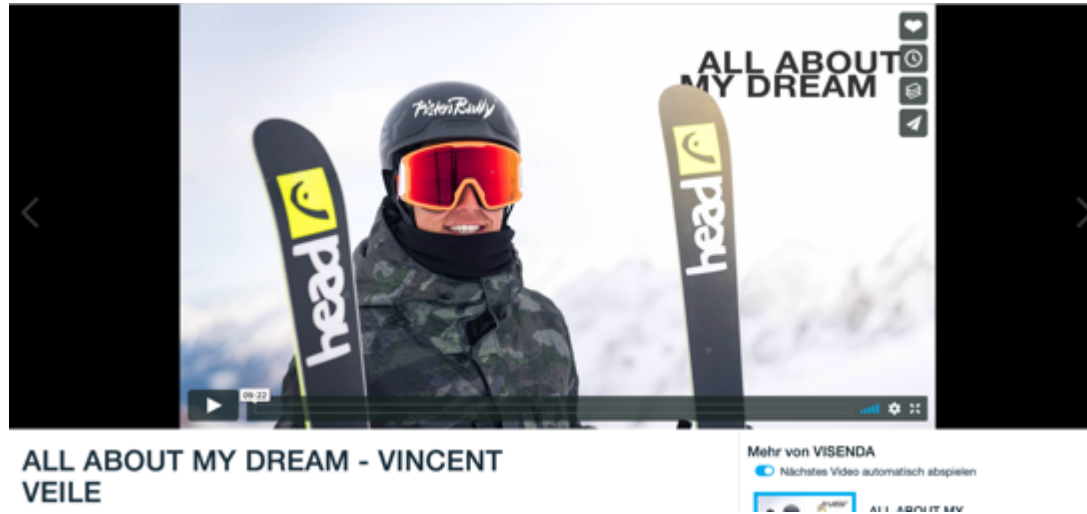

This includes skiing with coaches, athletic training, physiotherapy and the best medical care if needed. With that I can stay focused and improve my skiing throughout the year.

Freeski Germany helps me a lot to progress my skiing and to participate in big international events. With their support I was able to ski three full Worldcup seasons.

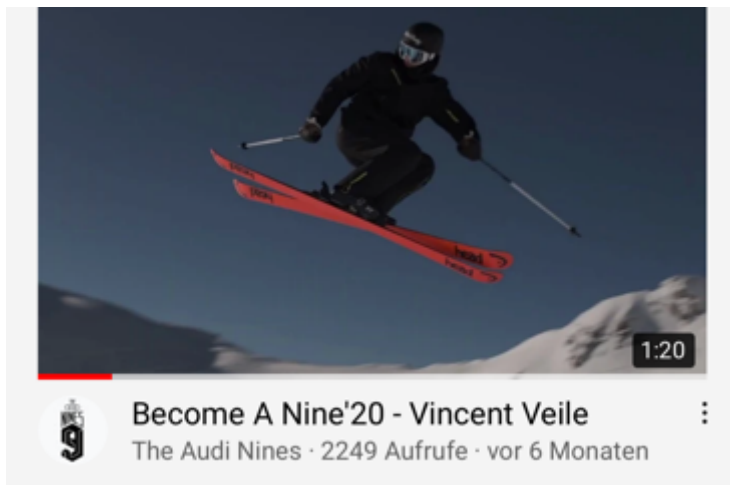

<https://vimeo.com/322518553>

Beside a couple of small projects and edits I did the project „ALL ABOUT MY DREAM“ in cooperation with my brother who is a professional video editor at Visenda. I love sharing my world of skiing and what I do in video edits with my followers and sponsors every season.
